Test: Targeted Subsystem
Utility: Analyze
Action: Simple

Description

Block System Operation

Test: Control
Utility: Inject
Action: Complex

Description

Control Slave

Test: Slave
Utility: Spoof
Action: Complex

Description

Crash Application

Test: Appropriate subsystem
Utility: Inject
Action: Simple

Description

Crash Host

Test: Control
Utility: Inject
Action: Complex

Description

Decoy

Test: Control
Utility: Redirect
Action: Complex

Description

Decrypt

Test: Appropriate subsystem
Utility: Decrypt
Action: Simple

Description

Disarm Data Bomb

Test: File or Slave
Utility: Purge
Action: Complex

Description

Disinfect

Test: Appropriate subsystem
Utility: Purge
Action: Complex

Description

Dump Log

Test: Control
Utility: Validate
Action: Complex

Description

Edit Slave

Test: Slave
Utility: Spoof
Action: Complex

Description

Encrypt

Test: Appropriate subsystem
Utility: Encrypt
Action: Simple

Description

Freeze Vanishing SAN

Test: Access
Utility: Deception
Action: Complex

Description

Graceful Logoff

Test: Access
Utility: Deception
Action: Complex

Description

Infect

Test: Appropriate subsystem

Utility: Worm program

Action: Complex

Description

Intercept Data

Test: Appropriate Subsystem

Utility: Sniffer

Action: Complex

Description

Invalidate Account

Test: Control

Utility: Validate

Action: Complex

Description

Locate Icon

Test: Index

Utility: Scanner

Action: Complex

Description

Locate System Resource

Test: Index

Utility: Browse

Action: Complex

Description

Logon

Test: Access
Utility: Deception
Action: Complex

Description

Make Commcall

Test: Slave
Utility: Commlink
Action: Complex

Description

Manipulate Data

Test: Files
Utility: Read/Write
Action: Simple

Description

Monitor Slave

Test: Slave
Utility: Spoof
Action: Simple

Description

Null Operation
